FAA Practical Test with Examiner	1		\$ 500.00
Taxes		6%	\$ 232.80
Total Estimated Cost			\$ 7,661.80

PLEASE NOTE: Factors for the total time and cost of the Instrument Rating depend on previous experience, the student's ability to study, and their frequency of flight. This estimate assumes the student already has a PPL.

- Northern Air is a Part 61 Flight School, meaning the minimum requirement for flight time is 250 hours for a Commercial Certificate.
- A maximum of 11 hours of flight training can be done in the simulators to reduce costs.
- Plan for at least two hours of additional flight time for the practical test.
